## **Shaping the World with Sensor Solutions.**

Leading manufacturers around the globe rely on ams' sensing know-how for advanced systems design. For ams, "Sensing is Life" and our passion is in creating the sensor solutions that make devices smarter, safer, convenient and more environment-friendly. ams' sensor solutions are at the heart of the products and technologies that define our world today – from smartphones and mobile devices to smart homes and buildings, industrial automation, medical technology, and connected vehicles. Our products drive applications requiring small form factor, low power, highest sensitivity and multi-sensor integration. We offer sensors (including optical sensors), interfaces and related software for consumer, communications, industrial, medical, and automotive markets.

**We enable our  
customers to develop  
products that are smarter,  
safer, convenient and more  
environment-friendly**

## ams by numbers

- More than 35 years of design experience
- About 9,000 employees worldwide
- Serving more than 8,000 customers
- 21 design centers across Europe, Asia and USA
- 14 sales offices worldwide
- 25+ sales channel partners

## Our business

- High performance sensor solutions, sensor ICs, interfaces & related software
- Small, low power, highest sensitivity, multi-sensor integration
- Best-in-class solutions for leading OEMs
- Full service foundry including packaging and testing options

## Our focus

- Optical
- Imaging
- Audio

## Scalable manufacturing model

- Internal wafer manufacturing, Austria
- Internal optical packaging, Singapore
- Manufacturing partnerships for scalability and flexibility
- In-house test, Austria + Philippines

## Financial information, fiscal year 2018

- Group revenues: €1,426.3m (2017: €1,063.8m)
- Net income: €93.4m (2017: €127.5m)
